### Extensive events program

- Preferential rates
- Online and face-to-face events
- Current research and information
- International thought leaders and experts
- Networking opportunities

### Far reaching communication channels

- Monthly Member Briefs
- Website including member events calendar
- Annual Communication Leaders Forum

## Leading the policy debate

We work closely with members so that their insights on preventing suicide guides our policy approach. We represent the suicide prevention sector and the voice of lived experience as we speak to government on opportunities for reform, develop positions on issues that matter, and engage in thought leadership.

## We represent the voice of the sector

**State of the Nation in Suicide Prevention.**  
An annual Suicide Prevention Australia survey that provides in-depth intelligence to our members about the suicide prevention sector.

## QUALITY IMPROVEMENT PROGRAM

A program designed to ensure that every person who needs support can access the best care. Suicide prevention program providers can participate in the accreditation pathway.

**“ From heightened government focus, to increased funding, innovative research, and a spotlight on priority populations, we are harnessing momentum and driving change both inside and outside the sector.”**

**Nieves Murray** - CEO, Suicide Prevention Australia
